

AV7R02™

114 CRM
70 RM

NEW

- A very bright red grain color
- Main area of use is KS, NE, OK, TX and MO. Will work in all sorghum areas
- Increased yield and standability in this maturity

DISEASE RESISTANCE

DOWNY MILDEW	Data Pending
ANTHRACNOSE WEST	High Resistance
RUST	Good Resistance
SUGARCANE APHID TOLERANCE	Tolerant

AGRONOMICS

YIELD UNDER DROUGHT	Excellent
STALK STRENGTH	Very Good
ROOT STRENGTH	Good
DRYDOWN	Competitive

CHARACTERISTICS

HEAD TYPE	GRAIN COLOR	HEAD EXERTION
Semi - Open	Red	Competitive

MANAGEMENT RECOMMENDATIONS

DRYLAND	LIMITED IRRIGATION	IRRIGATION	HEAVY CLAY SOILS
Excellent	Excellent	Excellent	Good

Notes:

IMPORTANT: Characteristic scores provide key information useful in selecting and managing products in your area. Information and ratings are based on comparisons with other products sold by AgVenture, Inc.. Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible. Scores represent an average of performance data across areas of adaptation, multiple growing conditions, and a wide range of both climate and soil types, and may not predict future results. Individual product responses are variable and subject to a variety of environmental, disease and pest pressures. Please use this information as only one component of your product positioning decision.

Corteva Agriscience is a member of Excellence Through Stewardship® (ETS). Corteva Agriscience products are commercialized in accordance with ETS Product Launch Stewardship Guidance and in compliance with the Corteva Agriscience policies regarding stewardship of those products. In line with these guidelines, our product launch process for responsible launches of new products includes a longstanding process to evaluate export market information, value chain consultations, and regulatory functionality. Growers and end-users must take all steps within their control to follow appropriate stewardship requirements and confirm their buyer's acceptance of the grain or other material being purchased. For more detailed information on the status of a trait or stack, please visit www.biotradestatus.com.

Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

Components of LumiGEN™ seed treatments are applied at a Corteva Agriscience production facility, or by an independent sales representative of Corteva Agriscience or its affiliates. Not all sales representatives offer treatment services, and costs and other charges may vary. See your sales representative for details. Seed applied technologies exclusive to Corteva Agriscience and its affiliates.
